

Niels ten Oever, PhD

Groenmarktkade 5 III
1016 TA Amsterdam

+31 629051853
mail@nielstenoever.net

Objective

Examine power and governance in transnational communication infrastructures and the material politics of technological standards, policies, and sanctions.

Work Experience

[University of Amsterdam](#)

Assistant Professor
April 2023 - Present

- Assistant Professor of AI and European Democracies
- Research focus on infrastructural ideologies in communication networks the European Union, Russia, China
- Teaching in field of governance, history, politics, and philosophy of technology in Europe and beyond
- Supervising BA and MA theses
- Supervising research assistant, PhD student, postdoctoral researcher, and a project manager
- Coordinator [Amsterdam School for Regional, Transnational and European Studies \(ARTES\) cluster digital networks, communications, and technologies](#)
- Co-lead [Amsterdam Center for European Studies](#) (ACES) theme group on Tech, Power, and Policy

[critical infrastructure lab](#)

Co-Principal Investigator
January 2022 - Present

- Co-PI of the [critical infrastructure lab](#), lead of the geopolitics track
- Establishing and fundraising the lab together with Fieke Jansen and Peter 'Maxigas' Dunajcsik
- Overseeing a total of seven people working the lab, and the wider collaboration with fellows and the academic and organizational board
- Chairing bi-weekly international reading group on infrastructure
- Organizing workshop with the Dutch Ministry of Foreign Affairs and the Ministry of Economic Affairs on the development of an integrated infrastructure policy
- Organizing the biannual summerschool in Perast, Montenegro
- Overseeing the publication of the lab report series
- Organizing a range of panels, summer schools, and workshops
- Technical implementation of innovative computing experiments (experimental 5G network, organic data center, infrastructure walks)

[Fundação Getúlio Vargas](#)

Associated Scholar
September 2019 – present
Visiting Professor
December 2022

- Researching the potential impact of the development and implementation of 5G on human rights with a specific focus on Brazil and South Africa
- Contributor to the [cyberBRICS project](#)
- Lecturer in field of Technology and Geopolitics

[Simon Fraser University](#)

Affiliated Faculty
October 2020 – December 2023

- Affiliated faculty with the Digital Democracies Institute
- Contributor to the Cyberwar Topologies project
- Member of the Critical Infrastructures study group under the lead of Dr. Svitlana Matviyenko

[European University](#)

- Research fellow with the Centre for Internet and Human Rights with a

Viadrina

Research Fellow
September 2019 – December 2023

specific focus on the politics, inscription, and subversion of norms and values in digital information architectures

Center for Democracy and Technology

Non-Resident Fellow
2021- 2023

- Collaborate with the CTO of CDT on mainstreaming [inclusive language in standards bodies](#)
- Participate in [podcasts](#)

University of Amsterdam

Postdoctoral Researcher
December 2020 – March 2023

- Researcher with the NWO-funded IN-SIGHT.it project on the topic of citizenship and standard-setting in digital networks – with a particular focus on co-designing for public values in standards-making and governance of 5G networks
- Contributor and coordinator [BigBang](#) quantitative analysis software package for network, statistical, and discourse analysis
- Organizer of several workshops with municipal and national government on communication infrastructure policies

Technische Universität Berlin

Visiting Scholar
September 2022

- Visiting researcher with the Collaborative Research Center “Re-Figuration of Spaces” (CRC 1265)
- Collaborative research into datastreams in the city by organizing infrastructure walks, focusing on sensors, antenna’s and other telecommunications and internet infrastructure

Texas A&M University

Postdoctoral Research Fellow
March 2020 – March 2021

- Postdoc with prof. dr. Sandra Braman on the evolution of global telecommunications regimes, with a specific attention to the 3GPP and the development of 5G

Polis180

Residency
November –
December 2020

- Three week residency with artists, scientists, and practitioners to co-design Data Policy and Cross-sector Collaborations in the EU.
- The resulting white paper serves as input for the German Federal Foreign Office.

University of Amsterdam

PhD Candidate
October 2015 –
October 2020

- PhD dissertation: [‘Wired Norms: inscription, resistance, and subversion in the governance of the Internet infrastructure’](#).
- PhD defense October 28th 2020
- PhD candidate in the DATACTIVE Research Group at the Media Studies and the Political Science departments at the University of Amsterdam.
- Research focuses on the evolution of the notion of public interest in the Internet architecture and its governance using quantitative and qualitative methods

ARTICLE 19

Head of Digital
January 2014 –
January 2018

Strategy and management

- Defining and implementing a global digital strategy
- Designing, fundraising, and managing Global Digital Team – consisting of six professionals around the world
- Supporting and liaising with ARTICLE19s eight global offices on digital issues

Internet governance

- Co-chairing Cross Community Working Group on Enhancing ICANNs Accountability Work Stream Two Human Rights Subgroup
- Co-chairing Research Group on [Human Rights Protocol](#)

[Considerations](#) in the Internet Research Taskforce

- Chairing Cross Community Working Party on [ICANNs Corporate and Social Responsibility to Respect Human Rights](#)
- Member of the General Principles Committee for the [IEEE Global Initiative on Ethics of Autonomous and Intelligent Systems](#)
- Participant in Cross Community Working Group on Enhancing ICANN's Accountability - Work Stream One
- Representing ARTICLE 19 and heading its contributions to NETmundial, Internet Governance Forum, ICANN, IETF and the ITU
- Co-developing [Internet Legislation Atlas](#)
- Representing ARTICLE 19 in the Web We Want advisory board and the ICANN Non-Commercial User Constituency
- Co-authoring ARTICLE 19 [Response to UN Special Rapporteur's Call for Comments on Encryption and Anonymity Online](#)
- Co-authoring two Internet Governance papers on ICANN Accountability and Transparency

Security and surveillance

- Fundraising and designing digital security upgrade and free software migration for Brazil and Mexico office
- Implementing [censorship measurement project](#) with Brazil, Bangladesh, Kenya and Tunisia office
- Fundraising and implementing [World Cup anti-surveillance project](#) with Brazil office

[Internet Protection Lab](#)

Coordinator
November 2012 –
October 2013

- Establishing a network organization with eight relevant actors in the 'IT for Human Rights and Development' field
- Managing the implementation of Publeaks - an [anonymous whistleblowing platform](#) for 10+ Dutch media outlets
- Organizing integrated security trainings in digital, physical and psychosocial security in Ethiopia, Bahrain and Russia
- Developing a crowd contribution platform for software supporting the free, open and unfiltered web

[Free Press Unlimited](#)

Programme Coordinator
MENA & ICT
February 2011 -
October 2013

- Managing the development of the [Storymaker app](#) for Android
- Overseeing the implementation of the app and training of 600 journalist and citizen reporters in Morocco, Tunisia, Egypt and Iraq. With spin offs in Zimbabwe and Libya
- Envisaging the app, writing the proposal, raising the necessary funds for a five year project

[Press Now / Free Press Unlimited](#)

Programme Coordinator
Horn of Africa
May 2009 -
February 2012

- Developing, fundraising and implementing strategy and projects for Ethiopia, Eritrea and Somalia
- Establishing Somalia office in Hargeisa, Somaliland and network of 15 Somali media outlets
- Training professional and citizen journalists in Ethiopia, Somalia, Eritrea and Afghanistan and Egypt in journalism and digital security
- Migrating Free Press Unlimited from a Windows environment to a Linux environment with improved digital security features

[Mediation Foundation](#)

Director
May 2007 -
April 2009

- Establishing Ethiopia's first community radio station in Jimma
- Designing community radio guides in Amharic, Afaan Oromo and English
- Developing a localized Linux environment for community radio

stations in Ethiopia

- Training the journalism staff, board of directors, volunteers and technician of the radio station

Education

- | | |
|-------------|--|
| 2023 – 2025 | • University Teaching Qualification (UTQ/BKO) – University of Amsterdam |
| 2024 | • PhD Superb Supervision course – Mennen Consulting |
| 2004 - 2006 | • Research MA Philosophy – University of Amsterdam (cum laude) |
| 2002 - 2004 | • BA Philosophy – University of Amsterdam, Humboldt University zu Berlin |
| 2001 - 2002 | • Diploma in journalism – Hogeschool Windesheim in Zwolle |

Teaching

- | | |
|-------------|---|
| 2025 - 2026 | • European Technology Policy since 1975: AI, Starlink, and 5G, BA elective course, 6 EC |
| 2025 - 2026 | • Building a Digital Europe, MA elective course, 6 EC |
| 2024 - 2025 | • European Technology Policy since 1975: AI, Starlink, and 5G, BA elective course, 6 EC |
| 2024 - 2025 | • Multilevel Politics in the European Union, BA compulsory course, 12 EC |
| 2024 - 2025 | • Building a Digital Europe, MA elective course, 6 EC |
| 2023 - 2024 | • Diploma en Gobernanza de Internet , post graduate course, Centro de Estudios en Tecnología y Sociedad (CETyS) de la Universidad de San Andrés |
| 2023 – 2024 | • European Integration and Democracy, BA compulsory course, 6 EC |
| 2023 – 2024 | • Technology Policy in Europe after 1975: Space, Telecommunications, and the Internet, BA elective course, 6 EC |
| 2023 - 2024 | • Building a Digital Europe, MA elective course, 6 EC |
| 2023 – 2024 | • Democracy in the European Union. MA elective course, University of Amsterdam, 6 EC |
| 2022 - 2023 | • Philosophy of the Humanities 2: European Studies. BA compulsory course, 6 EC |
| 2022 - 2023 | • Democracy in the European Union. MA elective course, University of Amsterdam, 6 EC |
| 2022 - 2023 | • Digital Activism Course, MA elective course, University of Amsterdam, 12 EC |
| 2023 | • Diplomatura Gobernanza de Internet , Universidad de San Andrés |
| 2022 | • Data Futures Lab on Digital Urban Futures , 200-level “intensive” Social Sciences course designed and taught at Amsterdam University College |
| 2022 | • Research Skills Methodology Tutorial, Amsterdam School of Cultural Analysis, University of Amsterdam |
| 2020 | • Networks and Protocols - European Summer School on Internet Governance - Meissen, Germany |
| 2016 | • Digital Methods Winter School – University of Amsterdam |
| 2016 | • European Summer School on Internet Governance - Meissen, Germany |
| 2007 - 2013 | • Introduction to journalism - Egypt, Tunisia, Ethiopia, Somalia, Morocco, Iraq, Afghanistan |
| 2012 - 2013 | • Introduction to Digital Security for Human Right Defenders and Journalists – Ethiopia, Netherlands, Somalia |
| 2011 - 2013 | • Mobile Content Production & Digital security - Egypt, Tunisia, |

2007 - 2011	- Ethiopia, Somalia, Morocco, Iraq - Radio journalism - Ethiopia, Somalia, Afghanistan
PhD Supervision	Eric Syi Zhang (2024-present)
PhD Committee	- Anneroo Planqué-van Hardeveld (University of Amsterdam, 2025) - Laura Gazda (Virginia Tech, ongoing)
Software & Hardware	BigBang: Python-based tool for statistical, network, and discourse analysis of internet governance communities http://dataactive.github.io/bigbang/ https://doi.org/10.5281/zenodo.5243261 Refugee Hotspot: Raspberry Pi based wireless router providing Internet access, aimed at refugee and migrant populations Ononymous: Gamified interactive digital security tutorial Publeaks: anonymous whistleblowing site for 10+ Dutch media https://publeaks.nl/ Storymaker: an open source Android app that enables (citizen) journalists to create better stories and share them securely on their mobile telephones

Selection of presentations, keynotes, panels and talks

- | | |
|-------------------|---|
| April 12, 2025 | • Moderator panel 'Governance and Geopolitics' at the 'AI and the Future of Europe' conference in Amsterdam |
| March 25, 2025 | • Organized and moderated roundtable ' The EuroStack Initiative: Digital Sovereignty in Europe ' of the Tech, Power, and Policy themegroup of the Amsterdam Centre for European Studies |
| February 28, 2025 | • Faculty at Salerno Winter School on Internet Governance , presenting on 'Ideology and Information Control in Russia, China, and the EU' |
| December 9, 2024 | • Speaker at Splintercon Berlin 'Infrastructure ideologies in China, the EU, and Russia: Standards, Sanctions, and Products' |
| July 16, 2024 | • Paper presentation in panel 'Digital Sovereignities' at EASST/4S 'Sanctions and Infrastructural Ideologies: Assessing the Material Shaping of EU Digital Sovereignty in Response to the War in Ukraine' |
| June 20, 2024 | • Keynote speaker ' 5G generatie - Techdenkers bij Adyen ' |
| May 13, 2024 | • Keynote speaker ' Assessing the Material Shaping of EU Digital Sovereignty in Response to the War in Ukraine ' at EU's Digital Future Seminar at the VUB, Brussels School of Governance |
| April 26, 2024 | • Keynote speaker 'Ideologies, Sanctions, Standards' at Digital Materialities Seminar, organized by the Internet Society Center of the CNRS in Paris, France |
| February 23, 2024 | • Convener 'Data is Dead' at Spui25 at the University of Amsterdam |
| February 21, 2024 | • Panelist 'Do We Really Care? Public Values and Digital Technology in the Netherlands' at Spui25 at the University of Amsterdam |
| February 8, 2024 | • Convener and moderator event "Knowledge-driven power in a digitized world" at Spui 25 at the University of Amsterdam |
| November 10, 2023 | • Chairing and organizing open panel "Russia's war on Ukraine – environments, imperialism, infrastructures" at 4S Conference, Honolulu, Hawaii |

November 8, 2023	Co-Chairing and organizing open panel “Overcoming Sociotechnical Imaginaries: infrastructural ideologies and materialities?” at 4S conference, Honolulu, Hawaii. Presenting paper: Distinguishing Infrastructural Ideologies in the EU, China, Russia and the United States
October 23, 2023	Masterclass Net Politics: Infrastructure of the Internet, Internet Society
October 20, 2023	Talk at conference panel “Infrastructural Insecurity: Geopolitics in the Standardization of Telecommunications Networks” at the Association of Internet Researchers (AOIR) 2023 Annual Meeting
October 18, 2023	Invited public lecture “Geopolitics, Environment, and Infrastructures” at the University of Pennsylvania (UPenn)
September 14, 2023	Niels ten Oever - Matige en machtige technologie: the critical infrastructure lab at the opening of the academic year of the faculty of the humanities of the University of Amsterdam
September 12, 2023	Standards and Infrastructure, organizing and chairing session at Dutch Internet Governance Forum
June 5, 2023	Masterclass Internet Infrastructure, Measurements, Databases, and Sanctions, Investico Platform for Investigative Journalists, Amsterdam, the Netherlands
May, 2023	Workshop on Digital Sovereignty at Center for Advanced Internet Studies, Bochum, Germany
February 15, 2023	Invited expert at the United Nations Office of the High Commissioner of Human Rights consultation on human rights and technical standard-setting processes for new and emerging digital technologies panel, Geneva, Switzerland
January 18, 2023	Aktuelle Entwicklungen in der Medienpraxis: Private Macht und öffentliche Werte in der Onlinekommunikation, University of Innsbruck
December 9 2022	The Production of the Infrastructural Subject Through 5G, 4S 2022, Puebla, Mexico
November 18, 2022	5G Regulation: Standards, Surveillance, and Ideology, FGV-CTS Rio de Janeiro
September 21 2022	Infrastructure Walk, Ernst Reuter Platz, TU Berlin
July 24, 2022	Wired Norms: Inscription, resistance, and subversion in the governance of the Internet infrastructure – Quadrennial Dutch Hackercamp MCH2022
July 6, 2022	The standardisation of lawful interception technologies in the 3GPP - International Association for Media and Communication Research (IAMCR) 2022
May 2022	The People’s 5G Laboratory: Critical Engagement With Media Technologies - International Communication Association 2022, Paris
May 2022	Session chair: Influencers: Digital CATerans or PoleCATs? - International Communication Association 2022, Paris
April 2022	Sanctions: Geopolitics in the Internet Infrastructure - OECD
April 2022	Politics in Standards and Networks - Hertie School & Hebrew University
March 2022	Global Media Industries – The State, Capital, and Technology in the Telegraph, the Internet, and 5G – City University of London
January 2022	Digital Politics - States, Corporations, and Transnational Communications Networks – Digital Constitutionalism Research Group – Dublin City University
December 2021	5G and the notion of network ideology, or: the limitations of sociotechnical imaginaries – Giganet Annual Symposium, Internet Governance Forum

December 2021	Panel participants in panel 'Power and Authority in Internet Governance: Return of the State?' at Internet Governance Forum
November 2021	The metagovernance of Telecommunication: from telegraph to 5G - Digital Politics Workshop at the Manchester Metropolitan University
November 2021	Panel participant in panel 'Digital Autonomy – digi do or digi don't' at annual ECP festival
October 2021	Organizer and discussant on panel 'Wiring digital rights: Embedding rights "by infrastructure" in Internet governance' at 4S
October 2021	Panel participant 'The power of Internet standards: Who defines how we connect and communicate online?' at the National Cyber Security Council Research Symposium
September 2021	The metagovernance of Internet governance - Power and Authority : Geoin Internet Governance: What Role for the State? - 20th Käte Hamburger Dialogue
September 2021	The Making of International Communication Standards - 11th International Conference on Standardisation and Innovation in Information Technology
May 2021	The quantum state of topological infrastructure reconfigurations: the case of 5G - Digital Democracy Institute at Simon Fraser University
April 2021	Norms and governance in digital transnational communication infrastructures - Federmann School of Public Policy and Hertie School of Public Policy
April 2021	Two emerging communication governance regimes - University of Amsterdam Institute for Information Law
March 2021	The Master's Infrastructure Will Not Dismantle the Master's Platform – the Hmmm on Alternative Platforms
March 2021	Digital technical standards: Strengthening the Multi-stakeholder System – Chatham House and the Department for Digital, Culture, Media & Sport of the United Kingdom
January 2021	The Standardization of 5G and its discontents - Dutch Platform for Internet Standards
January 2021	The hidden norms of the Internet and Human Rights – Virtual School for Internet Governance
December 2020	The role of norms in the Internet infrastructure: the infrastructural norm of interconnection and human rights - Oxford University and the University of Johannesburg – PCMLP Global Media Policy Seminar Series
November 2020	Norm conflict in the governance of complex, transnational, and distributed infrastructures: the case of Internet routing – Giganet, Internet Governance Forum
September 2020	Norms and Human Rights in Internet governance - Leiden University, the Hague Campus
August 2020	Masterclass Netpolitics – Waag Society & Internet Society
July 2020	Surging Demand and the Global Internet Infrastructure – panelist on webinar of the Netgain Partnership
April 2020	Protocols, Values, and Power - University of Amsterdam Institute for Information Law
February 2020	Protocols, Values, and Power - University of Amsterdam Institute for Information Law
February 2020	Wired Values – Platform Internet Standards, Dutch Ministry of Economic Affairs
November 2019	Human Rights and Protocols – Leiden University, the Hague Campus
November 2019	Values in the Internet infrastructure – presentation in session 'Public Values' – Dutch platform society (ECP) annual meeting
October 2019	Introduction into Internet Governance – Internet Society Masterclass

	at De Waag in Amsterdam
October 2019	• Taking the High Route - Infrastructures and Inequalities: Media industries, digital cultures and politics workshop of the European Communication and Research Association (ECREA) in Helsinki
October 2019	• Cyberwar, cyberpower, 5G – Kyiv Biennial
October 2019	• A Route Not Taken – St. Petersburg University
August 2019	• What Does the Internet Do to You – Trinity College Dublin
July 2019	• Live in the Layers – Global Partners Digital London
July 2019	• Discussant at workshop 'Return of the State? Contests for Power and Authority in Internet Governance' - Käte Hamburger Kolleg / Centre for Global Cooperation Research
June 2019	• Cybernetica, dataficatie en surveillance in de polder - Afscheidssymposium Ruud Kaulingfreks, Universiteit van Humanistiek
June 2019	• The Net That Won: a little history repeating - Research Infrastructure for the Study of Archived Web Materials (RESAW) 2019 – Univeristy of Amsterdam
May 2019	• Transmetropolitan Revisted: Why the Present-Future is Boring – GIKII - TILTING 2019 at Tilburg University
April 2019	• Taking the High Route – an approach to value based routing – RIPE78 Reykjavik, Iceland
March 2019	• The (dis)content of Internet infrastructure consolidation, Networks With an Attitude Workshop – Constant, Antwerp
October 2018	• The Inscription and Subversion of Values in Transnational Internet Infrastructure Governance - Privacy and Sustainable Computing Lab of the Vienna University of Economics and Business
April 2018	• This is not how we imagined it' - Technological Affordances, Economic Drivers and the Internet Architecture Imaginary' Plenary talk at RIPE77
April 2018	• The Architecture Imaginary and its Ossification – Workshop on Future Imaginaries at Humboldt Institut fuer Internet und Gesellschaft
March 2018	• Internet Infrastructure, Architecture, Governance, and Values in times of Ossification and Commercialization – Internet Governance and Human Rights Conference - School of Global Studies, University of Gothenburg
March 2018	• Internet Infrastructure, Architecture, Ossification – Alan Turing Institute
December 2017	• Quantitative Analysis of Mailinglists – Internet Engineering Taskforce
December 2017	• A Net of Rights: Human Rights Impact Assessments for the Future of the Internet - IGF2017
October 2017	• Protocols and Freedom of Expression - University of California, Irvine, School of Law.
July 2017	• Mensenrechten en internetinfrastructuur: Human Rights Impact Assessments – NLIGF2017
March 2019	• Keynote 'Internet Protocols and Human Rights' – Technical Plenary at IETF98
April 2017	• Human Rights and Internet Infrastructure - SHA2017
December 2016	• Internet Architecture & Human Rights: ICANN & IETF – CPDP2016
November 2015	• Implementing Core Principles in the Digital Age – IGF2015
November 2015	• Human Rights on the Internet – IGF2015
November 2015	• Zero-rating and net neutrality policies in developing countries – IGF 2015
September 2014	• ICANN, Transparency, Accountability and Human Rights
October 2013	• Best practices in Digital Security – 3TU – Delft Technical University
March 2012 and May 2013	• Supporting Freedom of Expression Globally - Utrecht University

June 2013	College
August 2013	• Citizen journalism secured: Storymaker - Freedom Online Tunis • Storymaker: Open source mobile reporting in MENA - approaches, challenges and first findings – OHM2013
Service, Workshop Organizing, and Programme Committees	
February 2025 - present	• Coordinator theme group Tech, Policy, and Power of the Amsterdam Center for European Studies (ACES)
July 2023 – present	• Coordinator Amsterdam School for Regional, Transnational and European Studies (ARTES) cluster digital networks, communications, and technologies
May 2023 - present	• Member of the Working Group on Responsible IT of the University of Amsterdam
February 2022 - present	• Member Open Technology Fund Advisory Council
October 2025 – June 2026	• Programme Committee of the European Multidisciplinary Conference on Global Internet Governance Actors, Regulations, Transactions and Strategies 2026 (GIG-ARTS 2026)
October 2025	• Co-Chair and organizer of Submarine Cable Workshop, Amsterdam
September 2025	• Co-Chair and organizer of Quantum Standardization Workshop, Amsterdam
July 2025	• Co-Chair, facilitator, and organizer of the critical infrastructure lab summerschool in Perast, Montenegro
June 2022 – December 2024	• Co-Convenor of the ACES Europe and the New Geopolitics of Technology Series
November 2024 – June 2025	• Programme Committee of the European Multidisciplinary Conference on Global Internet Governance Actors, Regulations, Transactions and Strategies 2025 (GIG-ARTS 2025)
December 18, 2024	• Co-convenor and moderator of book presentation 'Disconnecting Sovereignty: How Data Fragmentation Reshapes the Law' at the University of Amsterdam
March 2023 – August 2024	• Co-chair of the Research and Analysis Research Group (RASP RG) in the Internet Research Task Force (IRTF)
June 2024	• Co-chair and organizer of the 1st International Critical Internet Governance Studies workshop at the University of Amsterdam with the critical infrastructure lab and Rede de Pesquisa em Governança da Internet
November 2023 – June 2024	• Programme Committee of the European Multidisciplinary Conference on Global Internet Governance Actors, Regulations, Transactions and Strategies 2024 (GIG-ARTS 2024)
January 2022 – January 2024	• Vice-chair of the Global Internet Governance Academic Network (Giganet)
September 2023	• Organizer Workshop on international standard-setting for Dutch Ministry of Foreign Affairs, Ministry of Interior Affairs, and Ministry of Economic Affairs and Climate
June 2023	• Organizer roundtable discussion on "Protocols, standards, ecosystems" at the University of Amsterdam
November 2023	• Panel Chair 'Overcoming Sociotechnical Imaginaries: infrastructural ideologies and materialities?' at 4S, Honolulu, Hawaii
November 2023	• Panel Chair 'Russia's War on Ukraine - Environments, Imperialism, Infrastructures' at 4S, Honolulu, Hawaii
July 2023	• Workshop Chair of the Critical Infrastructure Lab policy retreat (25 participants, 5 days in Perast, Montenegro)

April 2023	• Conference Chair of the Critical Infrastructure Lab launch event (175 participants, 2 days, 3 keynotes, parallel panels sessions and workshops in Amsterdam)
August 2022	• Co-Organizer ACM SIGCOMM joint Workshops on "Technologies, Applications, and Uses of a Responsible Internet" and "Building a Greener Internet" (TAURIN + BGI 2022)
July 2022	• Organizer workshop Datastreams in the City – Amsterdam Public Library, Amsterdam Municipality, and University of Amsterdam
April 2022	• Co-Organizer IN-SIGHT.it Kick-off workshop with NEN, the Dutch National Standards Institute
April 2022	• Co-Organizer 5G Infrastructure Walk – Amsterdam Arena – Collaboration Public Library Amsterdam (OBA) and the People's 5G Lab
January 2022	• Workshop convener and chair Giganet Workshop on Internet Standard Setting Research Methods
December 2021	• Workshop convener and chair Internet Architecture Board workshop: 'Show me the numbers: Workshop on analyzing IETF data'
September 2021	• Workshop co-organizer Workshop on Internet Standards-Setting Research Methods
December 2020 June 2021	• Programme Committee Global Internet Governance Academic Network November 2021 meeting
September 2020	• Co-organizer '5G User perspective and implementation' session at European Dialogue on Internet Governance
January 2020	• Programme Committee ACM Information-Centric Economic, Societal and Governance Workshop 2020
September 2019	• Programme Committee of 2020 Conference on Fairness, Accountability, and Transparency in Barcelona (FAT* 2020)
June 2019	• Workshop Co-Organizer of ' Future Paths to a Public Interest Internet Infrastructure ' – Harvard Kennedy School, Harvard University
June 2019	• Programme Committee for Workshop: Engineering Accountable Information Systems at ECIS 2019, Stockholm University
April 2019	• Programme Chair for session 'Society rebooted: Digital infrastructure and its governmentality' at Dutch Day of Sociology – Nederlandse Sociologische Vereniging
January 2015 – January 2023	• Workshop Host and Co-Organizer of '4th global HTTP implementers workshop' – University of Amsterdam
	• Co-chair of the Human Rights Protocol Considerations Research Group (HRPC RG) in the Internet Research Task Force (IRTF)

Academic representative	February 2021 – present
Lecture Series Organizer	June 2022 – July 2025
Advisory Board member	November 2019 – April 2024
Advisory Board member	August 2019 – January 2024
Board member	November 2015 – July 2021
Board member	July 2016 – October 2020
Advisor	September 2014 – October 2020
Board member	November 2015 – December 2017

Prizes, Nominations, Mentions

2023	• Best Technology Paper of the Month and Open Access Article of the week – the Syllabus
2021	• Association of Internet Researchers 2021 Conferences Award for Best Direct Address talk on The Quantum State of Infrastructure Reconfiguration in 5G.
2021	• Honorable mention annual AoIR PhD thesis award
2012	• Internet Society (ISOC) Internet Pioneer Award for Internet Protection Lab

Awarded Research Grants

Total amount of research grants fundraised: 2.500.000 EUR

2025 – 2027	• Internet Society Foundation – Interconnections in Times of Geopolitical and Environmental Crises (with Fieke Jansen) (300.000 USD)
2025 - 2027	• AI Collaborative - Rethinking AI Governance: Doing better things instead of doing things 'better' (with Fieke Jansen) (427.000 USD)
2025 - 2026	• University of Amsterdam - 'Goeconomic competition through the lens of energy transitions: the case of the global submarine cable network' - Energy transition through the lens of Sustainable Development Goals (EN-LENS) project grant (with Fieke Jansen and Milan Babic) (35.000 EUR)
2024 - 2028	• Dutch Research Council (NWO) Startersgelden (300.000 EUR)
2024 – 2026	• Ford Foundation (250.000 USD) project grant for the Critical Infrastructure Lab
2024 – 2026	• Open Technology Fund (308.000 USD) project grant for researching the 'Politics of (Dis)Connection'
2022 – 2024	• Ford Foundation (350.000 USD) project grant for the Critical Infrastructure Lab
2022 – 2024	• Internet Society Foundation (250.000 USD) project grant for the Critical Infrastructure Lab
2023	• Omidyar Foundation (40.000 USD) project grant for the Critical Infrastructure Lab
2022	• Public Interest Technology Group – (3105 EUR travel grant to attend ITU Plenipotentiary 2022 Meeting)
2022	• Data Flows in the City – (44.380 EUR project for the Amsterdam Municipality with Jeroen de Vos and Maxigas)
2021 - 2022	• Global Digital Cultures grant (29.224 EUR with Maxigas and Paul

2021	Groth)
2020 – 2021	• Amsterdam Center for European Studies (13.356 EUR for hiring student assistant for six months)
2019	• Open Technology Fund – Research Project on Human Rights Implications of 5G (128.000 USD research project contract)
2019	• Amsterdam School for Cultural Analysis PhD finishing fellowship (one year 0.5 FTE)
2019	• RIPE academic travel grant (flight, hotel, conference attendance)
2019 - 2020	• Ford Foundation (50.000 USD research project grant)
2019	• Amsterdam Center for European Studies (800 EUR grant covering interview transcription costs)
2019	• Ford Foundation (20.000 USD), Harvard Kennedy School (20.000 USD), ARTICLE19 (10.000 USD), Amsterdam School for Globalisation Studies (2500 EUR), MacArthur Foundation (2500 USD) for workshop 'Future Paths for a Public Interest Internet Infrastructure' at the Harvard Kennedy School)

Awarded civil society/ projects and organizational grants

2015 - 2018	• United States State Department, Department of Human Rights and Labor (multiyear project funding >1m USD)
2016 – 2018	• MacArthur Foundation (multiyear project funding > 1m USD)
2016 – 2018	• Ford Foundation (multiyear project funding >100k USD)
2011 - 2013	• Human Rights Fund of the Governments of the Netherlands (multiyear project funding >700k EUR)
2010 - 2011, 2017 - 2018	• National Endowment for Democracy (multiyear project funding >100k USD)
2008 - 2009, 2016	• Stichting Dijkverzwaring (multiyear project funding >50k USD)

Memberships

Dutch Political Science Association (NKWP)
 AI, Media, and Democracy Lab
 Amsterdam Center for European Studies (ACES)
 International Studies Association (ISA)
 Society for Social Studies of Science (4S)
 International Communications Association (ICA)
 The Global Internet Governance Academic Network (Giganet)
 EC Research Standardization Network (EURAS)
 Non-Commercial Stakeholder Group (NCSG) in ICANN
